Team Spotlight: Alina Zaki Earns Her P.E. License

Congratulations to Alina Zaki for earning her Professional Civil Engineering License in the State of California this January!

Alina joined TJCAA's structural group in 2023 and has been instrumental in performing structural analysis, design, and engineering services during construction for the team. An impressive fact is that Alina passed all three exams required to become a licensed California Civil Engineer on the first try.

Please join us in congratulating her on this achievement!
